Me to English Class

FYI: there is a new poll and 3 new assignments for English class due.

Windows Taskbar: 4:51 PM 7/17/2014

This is from a class I had a few years ago. Old classes can be "archived" so they aren't left in your current class list.

This shows how an "assignment" you create informs you of how many of your students have turned it in for grading.

This shows how a teacher can easily make links for students. Teachers can also communicate with all the students in the "class" by entering one post.
